School District Seeks Divorce

A meeting of the Blairmore School Board was held at the Town Hall on Wednesday afternoon, present Chairman W. A. Beebe, J. E. Gillis, S. Mason, J. F. Hunter and W. J. Bartlett.

The minutes of previous meeting were on motion approved as read.

The chairman reported result of his conference with the minister of education at Edmonton.

On the question being brought up regarding reverting to Village School District, the following resolution was passed:

"Resolved that the Minister of Education be requested to declare, pursuant to the provisions of Section 45 of the school assessment ordinance of the Province of Alberta, Blairmore School District, Number 628, to be a Village School District for the purpose of said ordinance and any assessment against it added after the word and taxation for school purposes thereunder."

"Further resolved, that a statement of the delinquent indebtedness of Blairmore School District No. 628 be forwarded to the said minister, with the request that he authorize a rate exceeding 8 mills on the dollar, on unassessed divided farm lands situated in said district outside the boundaries of the Town of Blairmore."

"And that a copy of this resolution be forwarded to the said minister by the Secretary of the Board, with a request for immediate action."

The chairman reported having visited the school on January the 8th. At that time he found in Miss E. M. Fulton's room 26 pupils, in Miss K. B. Darnley's room 21 pupils, in Miss Y. J. Keith's room 34 pupils, in Miss E. M. Foster's room 34 pupils, in Miss A. Fulton's room 27 pupils, and in the principal's room 14—an average of 33 to a room. It was further stated that since January the 8th, the enrolment in Miss A. Fulton's room had increased to over fifty.

The following accounts were duly passed: Christie's Bookstore \$25.10; West Canadian Collieries, for 67 tons of coal, \$157.50; D. A. Sinclair, \$15.60; Hartford Insurance Co., per J. A. Mr. and Mrs. Thomas Allen, South Edmonton, announce the engagement of their second daughter, Bertha Lohelle, to the Rev. J. R. Gerson, B.A., of Forestburg, Alberta, the marriage to take place on Wednesday next, January 31st. Miss Allen was teacher at Frank and Hillcrest during 1915 and 1916, and is a sister of Mrs. (Rev.) F. T. Cook, formerly of Bellevue.

An interesting lecture was delivered at Central Union church on Wednesday night, by Major Roy of the Salvation Army, Edmonton. The lecture was illustrated by about one hundred and fifty lantern slides of war pictures.

Sub-Section 3 of Section 28, that fee for resident bakers be \$5.00, and that the words "non resident" be added after the word "resident."

Sub-Section 4—That the fee for boarding houses be \$20, instead of \$15.

Blairmore Red Cross

The meeting last Tuesday was the largest held to date. Twenty-four members were present. This is very satisfactory, but there is room to accommodate as many more. Come out and do your bit. Every branch is calling for an increase in both funds and supplies.

No. 4. "You WANT to better at 8 o'clock sharp." Well, perhaps the person to whom you are speaking does want to be there promptly at the time specified. But, on the other hand, perhaps he doesn't. However, that is not the point. What you really WANT to intimate is that your friend OUGHT to be there at 8 o'clock sharp. Then, why not say so?

The three Calgary papers are unanimous on one point. "The Rossy" was the attraction at The Grand and the papers agreed as to the quality of the show.

It has been circulated around here different times that A. W. Hart had been killed or died of wounds. These reports must have been false, as word has been received recently from members of the 192nd battalion, stating that they had met Mr. Hart in France and that he is alive and well.

The attendance at the Farmers' Convention at Edmonton this year

is under the average in number. Tom Shepherd was the only gentleman who went, and we trust that under his chaperonage the four ladies from Cowley will enjoy their trip. The ladies attending were Mrs. Latta, Mrs. Hodgson, Mrs. Gilbert and Mrs. Neeson.

Anglican Church

Sermons Sunday next will be at 11 a.m., conducted by the Rev. H. C. Day, to be followed by a service of Holy Communion.

There was a good attendance on Sunday morning last, on the occasion of the memorial service to the late Joseph Gibson. The service was most impressive. Mr. Day made sympathetic reference to the deceased and his connection with the church. The address was based on "The resurrection" and he pointed out that Christian sorrow must always be tempered by hope.

Hunger in German King

Grave Strife of Unerst and Attacks by Socialists for War Suffering

A special from London says that lights on Germany's war situation, given in a violent Socialist pamphlet taken from a German prisoner by a Canadian, H. reveals a grave state of unrest in a large section of Germany's civil population, namely, the towns like cities such as Hamburg, Cologne, etc.

Headed by the single word "Hunger" in black gothic type, the pamphlet fiercely accuses German rulers of recklessly plunging the nation into the war. It demands that the Kaiser and his advisers be executed. The author, a Canadian, H. reveals a grave state of unrest in a large section of Germany's civil population, namely, the towns like cities such as Hamburg, Cologne, etc.

The pamphlet points out that the Kaiser and his advisers are responsible for the war. It demands that the Kaiser and his advisers be executed. The author, a Canadian, H. reveals a grave state of unrest in a large section of Germany's civil population, namely, the towns like cities such as Hamburg, Cologne, etc.

The indictment adds that Germany is able to continue the war for a while, but that the results will be, in addition to the slaughter of the battlefield, the death of millions of children and the starvation of the people.

Now is the time for action to stop the war, concludes the address, appealing to all German Socialists to join in a common front.

Let us not underestimate the value of the blockades. It is the only way to preserve the freedom of the sea for us and our allies. We and our friends are going about our business, subject only to the usual and ordinary operations of submarines.

We have, moreover, placed our fleet on sea as much injury to our fleet as the enemy could do. The fleet is now in the hands of the enemy, and the fleet is now in the hands of the enemy.

Abolish Handkerchiefs

For Hygienic Reasons

Dr. F. Robbins, of New York, Says Handkerchiefs Are Source of Infection

Dr. F. Robbins, a well-known New York physician, urges the abolition of the pocket-handkerchief, because he firmly believes that it is a source of infection. He says that germs are recovered from such diseases as influenza, typhoid, and even common cold.

"The day will come," he says, "when the customary cotton rag, replaced by the cheap and clean Japanese handkerchief, will be burned after it has been used. Infants and children are helpless against the germs of the pocket-handkerchief, and the public roller-towel of the past was innocuous as compared to the handkerchief."

The Extent of Each One's Duty Depends on His Ability to Serve
In Canada the war has done more than anything else to teach us the meaning of service. We are coming to realize as we have not done in the past that every citizen has responsibilities to the state, and that the extent of each one's duty of service depends upon his ability to serve.

This Ointment Possesses

Power to Heal the Skin

Two Cases Which Prove the Extraordinary Healing Power of Dr. Chase's Ointment

The use of Dr. Chase's Ointment is wonderfully satisfactory because you can actually see the results as they appear. It is surprising how much change can be brought about in a single night by this great healing ointment.

Mr. George Beavis, 191 "Main Street, Peterboro, Ont., writes: "I had a healing ointment, consider 'Dr. Chase's' the best obtainable. I had a large running sore on my leg, and although I had tried all the prescriptions of two doctors, I was unable to get any relief from the pain or to get the sore healed. One day my drug-gist handed me a sample box of Dr. Chase's Ointment, and I used it with great good results that I decided to give the ointment a fair trial. After getting it used four boxes, and after the sore had healed, I sent you my leg is entirely healed up, since this experience with Dr. Chase's Ointment."

For the past couple of weeks an advertisement appearing in these columns has been arousing interest, and as far as we can learn, several replies have resulted. One applicant writes us as follows: "Am in good condition physically, and of fairly dark complexion. Had a good head of hair in my younger days, but, the Lord will forgive me for losing it. Love to be around a cooking stove and an umbrella, and expect to raise enough vegetables for two this year. Would like to marry a teacher, because I never had a chance to go to school myself. Apply to Box 221, Blairmore."

Slush comes in city streets and in lovers' conversation. Slush may therefore be properly designated as public and private. Public slush is bad for the feet, and private slush is bad for the other end of the anatomy. Both, King frequently make people slip up with disastrous consequences. Public slush may make a man an invalid for life, while private slush may lead to matrimony and makes one a slave for life. The greatest difference between the two slushes is that public is cold and clammy while private is warm and chunky. Sunshine and matrimony are the antidotes for Slush Slush cannot stand sunshine, and matrimony cannot stand slush for any length of time.—Judge.

In patriotic work they go about the work in the same systematic fashion, with the result that their efforts are always crowned with success.

Both men and women in London are now wearing at night long hair, whose dull glossiness prevents their heads from reducing the risk of collision in the darkened streets. The glow is caused by a mixture of sulphuric made into a liquid, which does not smudge, lasts a long time, is invisible by day, and gives off a striking bluish light at night. Moreover the more it is exposed to daylight or artificial light the more it shines. The Boston Globe says: Keyholes might be treated with it over here.

The Brooklyn Eagle says: "There are twenty-two kings and ruling dukes in Germany who prefer peace to St. Helena following revolution at home. Horse meat is 75 cents a pound in Berlin and only the lucky who are making money out of the war are able to buy it. Human nature is the same the world over. The Germans people will turn on their aristocratic masters as the French turned time is on the side of Germany's enemies, whose bill to date is close to \$100,000,000,000, a little matter which Dr. Von Czechan-Holweg failed to notice in his peace speech."
